Hi-vis rain jacket with ARC protection (Cl 1)

A top product among the arc protective clothing, the Orrington hi-vis raincoat is made of a 3-layer fabric that protects you excellent against heat, flames and welding sparks. This high quality jacket with elastic back narrowing is very functional, for example a hood can be attached to the standing collar, the sleeves can be narrowed and there are four pockets on the outside and one on the inside. Thanks to the I.L.S. system, various fleeces, liners and softshells can be zipped in. A real winner!

Hi-vis rain jacket with ARC protection (Cl 1)
