Flame retardant, anti-static hi-vis rain jacket

Our anti-static Falcon hi-vis raincoat offers high protection against heat and flames. Yet this functional jacket, finished in two colours and with reflective FR strips, is surprisingly light. Stop every breath of air by narrowing the elastic wrist bands and by attaching a hood to the standing collar. With two pockets on the inside and outside, one chest pocket, one Napoleon pocket and two loops for gas detection meters you can easily store all your equipment. Thanks to the I.L.S. system, various fleeces, liners and softshells can be zipped in.
